I hope this newsletter finds you with work on the books. Well at least they are now talking more positively on the economy and the housing market. I believe that things will start to turn around soon. The smart consumer is waiting for the economy to turn around before they start spending money again. As soon as they see the markets turning around they will be calling us for new or remodel work. They will jump on the band wagon as soon as they see positive things happen so they can get the best price possible for their project and book a contractor before all the good ones get busy again.

In this slow down I have taken the time to set up a web site for the services that I now offer at:

www.DesignsByDiebolt.com

I have also helped to set up a Free Cabnetware User Forum for all Cabnetware users at:

<http://cabnetwareforus.forumotion.net/login/forum?connexion>

Register with a username and password and you can use all that the forum has to offer.

Please take the time to check out both web sites and let me know if you have any comments good or bad.

Spring Time Special

April 1, 2009 through May 31, 2009 * I will be running a special for Cabnetware Training & Set Up.

1 Day Session will cost only **\$ 500.00 With No Travel Expense** (up to 1 hour)

After 1 hour travel: The expense will be \$ 15.00 per ¼ hour of travel.

After 3 hours travel: Motel fee of \$ 60.00 will be added.

This is a huge discount from what Planit now charges, see below:

Quoted from Planits website.....

“On-Site Training..... \$2000.00 first day / \$1000.00 each additional day.

On-site training must be done in consecutive days. Minimum of two days required.”

You will save \$2500.00 on one day training with my special.

*** If you book before May 31st you will receive the special price even if training is after May 31.**
